

## REGISTRATION FOR FLORIDA BRIGHT FUTURES

A Florida Financial Aid Application is required for all potential Bright Futures recipients and for the Supplemental State Funded Scholarships which are listed under Programs Offered on the website. Seniors are able to register beginning December 1, 2008.

**GO TO:** [www.floridastudentfinancialaid.org](http://www.floridastudentfinancialaid.org)

**Click On State Grants, Scholarships and Applications**

**Click on Apply Here-Go To Initial Student Application**

Please be very careful when completing this application. Please ensure that all important identifiers (name, address, social security number, etc.) are correct before you submit the application.

Before you begin please read through the following items:

1. Application Essentials
2. Programs Offered
3. Social Security/Name/Privacy
4. Grade Point Average
5. Residency Criteria
6. Eligible Institutions

Then "Proceed to Application" and complete.

### **Click On Begin Student Application**

You will receive a pin number and password only after you have submitted the application. Letters will be generated and sent within twenty-four hours of your submission. You may also have pin numbers and passwords sent to your e mail address.

Please print out your completed application and create a **Bright Futures File**. This will be the first information in the file. The next piece of information to be included will be the letter or e mail from the Bright Futures office indicating your pin number and password. **PIN and PASSWORD NUMBERS** are very important for future use so you will need to keep these in your Bright Futures file for future reference.

### **PLEASE NOTE:**

Your graduation date is **5/29/2009**.

Your status in the Fall of 2009 is "**Freshman-First Time In College**".

Once you have printed the application, please submit the application. You should have a different page which says "**SAVED RESULTS**". If you do not receive an error message, please ignore this message and submit again. You might have to submit more than once for the **SAVED RESULTS** page to appear. Without the Saved Results page you do not have a Bright Futures application on file with Bright Futures. Once you have the **SAVED RESULTS** page, please print and place in your Bright Futures file. You are now finished!
